Jean Abayo

SOFTWARE DEVELOPER

PERSONAL SUMMARY

I'm a JavaScript/TypeScript enthusiast with 5 years of professional experience building full-stack solutions for various companies.

WORK EXPERIENCE

ANDELA   *Hybrid*
Software Developer   *Nov, 2017 - Present*

- **ON24**   *Remote*
  Senior Software Developer   *Feb 2022 - Nov 2022*

  - Built web components for media player, drag-n-drop, scrollbars, tooltip, …
  - Enabled the platform to support Safari
  - Built new customizable themes(ThemeUI) for the platform

- **SAFARICOM**   *Nairobi, Kenya*
  Software Developer/Product Lead   *Oct 2020 - Oct 2021*

  - Worked on backend services that achieved OTP, SMS notifications, and approval of new businesses/merchants
  - As Product Lead, I helped the team increase merchants by 10% by fixing bugs and assisting migration of UI and microservices from on-premise servers to AWS

- **I&M BANK**   *Nairobi, Kenya*
  Software Developer/QA Engineer   *Mar 2020 – Oct 2020*

  - Built APIs and client apps for platforms used by the IT team to monitor payments and adjust configurations
  - Handle user management integrations and build APIs to manage configurations
  - Come up with QA specifications and perform regression and load testing

- **MOBILITI**   *Remote*
  Software Developer   *Oct 2018 – Feb 2020*

  - Built their design system with ReactJS and StoryBook
  - Developed and maintained APIs that handled vehicle inventory and subscriptions
  - Fixed bugs in a legacy .NET/Webflow codebase and improved performance by 5%
  - Implemented client integrations with HelloSign, Paypal, and Stripe
